RICHMOND NEWS LETTER

State Officials Attend Gov. McKinneys Funeral.

WILL REMOVE THE SHOPS

Dr. Irving Thinks There are One Thousand Cases of Smallpox in Virginia—Had to Take Down Pictures of the Gayety Girls—C. & O. Official Resigns—Book Agent in Trouble—Dr. Scott Ill.

(Special to Virginian-Pilot.)

Richmond, Va., March 3.—The heads of State departments who attended the funeral of ex-Governor McKinney at Barnville to-day, were Colonel Martin Marye, Auditor of Public Accounts; Dr. Joseph W. Southall, Superintendent of Public Instruction, and Mr. A. W. Harman, State Treasurer, and Second Auditor Joshua Ryland. Mr. J. C. Hanking, chief clerk in the office of the Secretary of the Commonwealth, represented that department, Secretary Lawless being unable to attend owing to his having to officiate as a pall-bearer at the funeral of a friend in this city. The Governor was represented by Col. C. B. Edwards, his chief of staff. Dr. Paulus A. Irving, president of the State Board of Health, also attended.

WILL REMOVE SHOPS.
I am in position to state upon semi-official information that the shops and the general offices of the Seaboard Air Line will be removed from Portsmouth to this city. There is no doubt of its correctness. The removal will not be made until the Richmond, Petersburg and Carolina road, now under construction, is completed. This will be probably eight months.

SMALLPOX IN VIRGINIA.
Dr. Paulus Irving, secretary of the State Board of Health, is authority for the statement that there are about 1,000 cases of smallpox in Virginia, the disease being chiefly confined to a district east of a line running north and south from Richmond. There are cases at Crewe and Culpeper also.

HURTS THE LAND GRABBERS.
Judge Wellford, of the City Circuit Court, has decided that the form of application used by the Roanoke syndicate of land grabbers, which has gotten so much land under the delinquent land law, is invalid. It is the opinion of some that this decision will invalidate all the petitions the syndicate has filed.

HAD TO TAKE DOWN POSTERS.
The police to-day gave a great advertisement to the London Gait Company, which is to appear here in a few days. The boards were covered early this morning with posters showing girls in scant attire and easy postures, purporting to be representations of ten scenes in the Gait Girls. Manager Leath, of the Academy of Music, was notified by Captain Anglin, of the Second District, that the posters must be taken down. They came. The playhouse will be crowded.

C. AND O. PROMOTIONS.
Mr. Louis P. Ecker, assistant general book-keeper in the office of the controller of the Chesapeake and Ohio road, having resigned to accept a better position, the question of who shall succeed him is of interest. It is thought that there will be promotions in the usual order, in which event, it is thought, Mr. Ecker's successor will be either Mr. Fleming M. Fox or Mr. Linn B. Enslow.

BOOK AGENTS IN TROUBLE.
In some of the counties in Virginia efforts have been made to sell to district school trustees charts that have not been adopted by the State Board of Education. In one county an agent has been arrested for attempting to bribe one of the trustees. He was bailed in the sum of \$500 to appear on February 25th. On that date he failed to show up and his bondsman is making efforts to find out where he is.

Charles V. Pierce, a young white man, was arrested this afternoon by Detectives Gibson and Wren, on a charge of being a bogus book agent. The man would take an order for a book, require the first payment in advance, and the book or the agent were never heard from. He arrived here Saturday night, and papers in his possession show he has been working Philadelphia, Baltimore, Washington, Norfolk and Newport News. He is at the Second station.

COL. BIGGER'S BIRTHDAY.
This is the seventieth birthday of Col. John Bell Bigger, he having been born of Democratic parentage in this city on March 4, 1829, the day before Old Hickory was inaugurated President. He is a Democrat of Democrats. Just now he has an attack of gout, of which he is proud to speak, as he considers it a high-toned ailment. Ten grown children

Young children, to avoid marasmus, scrofula, or rickets, and develop healthy tissues, bones and teeth, need fats and hypophosphites. Dr. W. Gilman Thompson, Prof. Materia Medica and Therapeutics, in the University of New York, asserts that Cod-liver Oil is the best fat for the purpose.

Scott's Emulsion is cod-liver oil partly digested and combined with hypophosphites, it gives children material for rich blood, solid flesh, bones and teeth.

and many relatives and friends wish him a long stay on this mundane sphere.
A message from Ashland states that Dr. H. C. Scott is not expected to live. His son, Mr. E. L. C. Scott, a clerk in the office of the Auditor of Public Accounts, has been with him two or three days.
Venerable Street Baptist Church tonight accepted the resignation of Rev. J. S. Hill, who will become pastor of the Fredericksburg Baptist Church. The resignation takes effect in April.

There were no bridesmaids. After receiving the congratulations of all present, the happy couple took the North-bound train for their bridal tour. Many very handsome and desirable presents were received by the bride.

After an illness lasting since last summer, Mrs. Mary Williamson Bloxton, wife of Mr. Thomas L. Bloxton, died last night about 12 o'clock at her residence, "Russells," in York county, two and a half miles from here. Deceased, who would have been 56 years old the 6th of this month, was a Miss Ware, of this place, and was married the 12th of November, 1872. She left besides her husband, three grown daughters to mourn their loss. Mrs. Bloxton was a woman of many fine characteristics, a devoted wife, and affectionate mother, and her death is not only a great loss to her family, but to the community. The funeral will be held at her residence, and will be conducted by Rev. W. T. Roberts, of the Episcopal Church here. The remains will be buried in the family burying-ground, at Russell's.

LYNCHBURG

Lynchburg, Va., March 3.—Sult has been instituted against the Norfolk and Western Railroad Company for \$10,000 by R. P. Armistead, a negro lawyer of this city. The complainant alleges that he was forcibly ejected from the ladies' waiting-room at Rustburg, Campbell county, while waiting for a train, and that several white lawyers who were present at the time were allowed to remain.

Mrs. Sarah Powell died this afternoon at her home, just outside of the city, aged 95 years and 11 months.

Senator Foster Endorses

I look forward with much interest to the appearance of the "Home Study Course" feature in your very able Journal, and desire to commend it to the attention of the working class of our city. I think it will result in awakening much interest in matters with which they have heretofore had little opportunity, perhaps little inclination, to look into, and prompt them to explore wider fields of improvement. The humanizing, christianizing and civilizing influences will prove a blessing to all who avail themselves of this popular and economical mode of culture.

A report from the health committee says there have been only twelve cases of the mild contagion called small-pox in Suffolk. There are at present but eight within the corporate limits. Of these there has been one death, which was caused by a complication of diseases.

At 10 o'clock the Council is still in session.

TO NAME THE WAY.

The Nansemond County Democratic Executive Committee will come together in Suffolk to-morrow morning. The Mayor's office will be the scene. It is the most important in several years, for the committee is supposed to determine the time and method of naming all candidates for county offices, and they will all come together this time. The Suffolk sub-committee may have a meeting about town officers, or else the time will be set.

The Isle of Wight County Democratic Committee met last Monday at the courthouse. A number of candidates appeared before the committee, and there was so much divergence of opinion concerning the methods to be adopted that the committee adjourned without action.

Mrs. Fox was alone, but her screams alarmed her assailant, who made his escape. From the description of the man it is believed he is a frequenter of the resorts in Rocketts and Bloodfield. The police are searching for the negro, and if he is arrested he will be incarcerated in the city jail for safe keeping, as much indignation is felt in the vicinity of Morrison.

BIRTHDAY CELEBRATION.

Colonel E. E. Savage, of Hampton, celebrated his 82d birthday Wednesday. Colonel Savage has lived in Hampton all his life, and has for several years been the popular overseer of the poor of Elizabeth City county. During the civil war Colonel Savage was made a colonel in the Confederate army, which position he filled with distinction. At the close of the war Colonel Savage returned to Hampton and has since been one of the most prominent citizens. Although he has passed the four score mark, the Colonel is comparatively active and enjoys good health. He will be a candidate for reelection to office at the spring election, and it goes without saying that the man who enters the field against him will have a formidable opponent.

"There is so much trouble coming into the world," said Lord Bolingbroke, "and so much more in going out of it, that it is hardly worth while to be here at all." If a man and a philosopher comes to this conclusion, what must be the natural conclusion of the thousands of suffering women who undergo untold torture in bringing their babes into the world?

Philosophy of this kind is based upon gross ignorance. The fact is, that there is no necessity for the severe pains undergone by the average woman. If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the majority of women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can always be remedied. Dr. Pierce's Favorite Prescription is a sure, speedy and permanent cure for all disorders of this description. It acts directly on the delicate and important organs concerned, making them healthy, strong, vigorous, virile and elastic. It banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and induces a healthy and robust baby. Thousands of women have testified to its marvelous merits. Honest druggists do not offer substitutes, and urge them upon you as "just as good."

"I suffered fourteen years," writes Mrs. Mary J. Stewart, of Box 46, Saratoga, Santa Clara Co., Cal., with female weakness, nervousness and general debility. I tried every remedy available. Dr. Pierce's Favorite Prescription and "Golden Medical Discovery" cured me."

The names, addresses and photographs of hundreds of women cured by Dr. Pierce's medicines are printed by permission in the "People's Common Sense Medical Adviser." It's free. For a paper-covered copy send 21 one-cent stamps to cover mailing only. French cloth binding 21 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y. Every woman needs a great medical book.
